About e2e:

Formed in 2006 e2e is one of Pakistan's leading providers of end to end logistics services, specializing in international and local Air / Ocean freight and associated supply chain management solutions that include warehousing.

In 2014 as part of our global expansion plan we opened offices in the hub of international and trade business namely Singapore and Dubai in a bid to tap into important emerging markets in Southeast Asia. Between 2008 and 2010 we grew our revenues by a massive 1,918% to become Pakistan's fastest growing company on the list of All World Network, an international ranking system for growth companies in emerging markets.
